

Heavenly Father,

I cannot fathom how you sent Your Son, knowing what He would endure and what joyful things He would never be able to experience. And yet, I know from scripture that it gave You great pleasure to send Him. And when He saw all that was accomplished, He was satisfied.

You have made Him a High Priest

who truly does know and understand, intimately, all that we go through here on this earth.

That amazes me. It makes me so thankful.

Please enable me, no matter what the past, present, or future holds, to see with Your perspective.

To cling to You, the only Lover of my soul who will never fail or falter. To truly trust every single thing into Your keeping.

I am so frail, Lord, and so weak.

Help me to remember that Jesus Himself intercedes for me. He prays for me that I will hold to my faith.

I know that nothing can separate me from Your love.

In Jesus' Name, Amen.
